In order to help keep our City clean from blowing litter and trash, we have a landfill cover law. All loads must be appropriately covered or enclosed to prevent any portion of the vehicle's contents from leaking, blowing, and dropping, falling or otherwise departing from the vehicle. Any vehicle in violation of the cover law will not be able to use the landfill.

All vehicles must obey posted signs. All vehicles transporting waste onto the landfill are subject to inspection by landfill personnel. When residents unload their material, we ask that children remain in the vehicle for their safety.

Policy for Landfill Charges:

Any city resident may take acceptable materials from his/her **home residence** to the landfill at no charge once per month and also on the Free Saturday as long as he/she has a city sticker/permit on the vehicle he/she brings out to the landfill. Any contracted worker may take material out to the landfill at Gate Price. **ALL rental property is considered a "for-profit business" and will be charged at Gate Price.**
